CEMETERY LOT FUND.**Village Cemetery.**

Under votes as passed March, 1904 and 1909.

This fund is invested in N. H. savings banks by the town treasurer as by law required, and is guarded with especial care by the town, who hold it in trust, the interest only to be used as the selectmen may direct for the perpetual care of such lots as said trusts may designate. The methods of the past of rendering slight service by any one who might wish to enter upon these grounds without authority, assuming to care in their way for such lots, and presenting to the town an extravagant bill has been entirely eliminated. The wishes of the donors, whether living or dead, must be held sacred and should be carried out to the letter.

FREE BED—HALE HOSPITAL

It has been suggested to the Board of Selectmen that the citizens of Kingston be advised through this report, that by the will of the late Ella A. Bartlett, the sum of \$4,400 has been left in trust to the Hale Hospital, Haverhill, Mass., for a free bed for the use of said town or such of its residents who might wish to avail themselves of hospital treatment. We take this method in behalf of the people to make public acknowledgment of this bequest, so generously and cheerfully given, for the relief of suffering to the citizens of the town she so much loved.

Report of the Board of Health.

During the past year we have had both scarletina and diphtheria in town. The first case of diphtheria was brought from outside and occurred in the child of a summer boarder and did not spread. The next cases were confined to the family where the outbreak occurred.

Scarletina has prevailed for the past few months and though of a mild type and accompanied by no deaths it is still an undesirable visitor and should be quickly and thoroughly fought on its appearance.

This can only be done by prompt isolation of the persons afflicted and through disinfection of the premises.

Again this board would call the attention of all to the law in regard to communicable diseases. No child suffering from any communicable disease should be allowed to attend school and thus spread such disease among the other scholars. Nor should they be allowed to mingle with others in any public gatherings. The right of liberty to do as one chooses extends only so far as it does not infringe upon the rights of others. While among the people generally there is a gratifying tendency to carry out the law and the suggestions of the State Board of Health there are always a few in every community who seem to care only for their own convenience, regardless of the rights of others or of the community, and it is necessary that the public be educated to the point that opinion be brought to bear on those few selfish individuals who heedlessly or willfully expose themselves to

the ravages of a contagious disease rather than to report the same and allow it to be stopped through proper isolation in the household where it first appears.

H. L. SWEENEY,
J. W. PRESCOTT,
A. F. NASON,

Board of Health.

Report of Trustees of Library.

Few towns the size of Kingston have better library facilities than this town. The commodious building, the gift of J. Howard Nichols, gives room for a good reading room and for the stacks containing the books. With the income from the bond left by Mr. Nichols the reading room is very well supplied with the leading magazines and with the current literature. The generous appropriations of the town and of Sanborn Seminary make it possible for the trustees to make a substantial addition to the library each year. The total number of books now in the library as shown by the report of the librarian, is 5617. Of course many of these books, as in any library, are little used; while others, especially the books for boys and girls, are read so much that many have had to be rebound and many have been worn out and have had to be replaced. The most popular books for younger children are the bound copies of the Saint Nicholas Magazine. Most of these that have been in the library for any length of time have been used so much that they are worn out.

It is the wish of the Trustees of the library as far as possible to buy the books which people desire. Hence it will greatly lighten the work of the Trustees in making up their book lists if the readers will leave with the librarian from time to time the names of the books desired by them.

The increase in the number of books has made it

necessary for the Trustees to make arrangements for more shelf room. Accordingly they are having additional stacks built for the stack room. At the present time the cost of these cannot be told exactly, but can be estimated approximately. With the balance in the hands of the treasurer and the usual appropriation these additions can be paid for and about the usual number of books purchased. Therefore we recommend that \$100 be appropriated for the coming year for library purposes.

HENRY L. SWEENEY,
FRANK W. WHIPPEN,

Trustees of Nichols Memorial Library.

Report of the School Board.

During the year a radical change has been brought about at School No. 4, from which great improvements is expected.

This has been possible on account of action taken a year ago, the result of which appears in the following report:

The Building Committee, chosen at the last School Meeting, has attended to their duty, and are glad to be able to report the addition of a school room for No. 4 at an expense just equal to the appropriation.

FRANK W. WHIPPEN,
ALBERT F. NASON,
EDWARD E. MERRILL,

Building Committee.

Thus equipped the school has been divided, and so partially graded, in the complete sense of the word.

The new room, with its low blackboards and improved lighting, is devoted to the primary grades and the other room is left to the exclusive use of the older scholars.

So we have a Primary and Grammar department at No. 4.

The changes in teachers and the general condition of the schools throughout the town can be seen from the reports that follow:

We shall need, during the coming year, for High School tuition six hundred dollars (\$600) and for books and supplies two hundred and fifty dollars (\$250).
